ENTRAPMENT ZONES Areas of concern in a typical swing gate system are: The leading edge of the gate & catch post. Zone 1 Zone 2 Area between the gate and hinge post. Zone 3 The arc of the gate or gate path. Zone 4 The space between the gate when open and any obstruction such as fence, wall, landscaping, etc.

USAUTOMATIC PATRIOT I INSTALLATION & OWNER'S MANUAL Pdf ...
Installing a gate stop, which we discuss in more detail below, will also help to preserve the life of your locking mechanism. Double and sliding doors are notorious for banging together and placing undue pressure and stress on metal and materials that can lead to a malfunction or failure if not properly addressed. 4. Gate Stops
