O'Reilly's Head First series breaks the textbook mold with verve. I find Design Patterns to be, by far, the most succe. Easily the best introduction to design patterns I've seen. If you're new to object-oriented design or new to design patterns, this is the first (but definitely not the only) book you should buy.

### Head First Design Patterns [Book] - O'Reilly Media

Head first books have always had this amazing sense of humor and tackiness that makes something that is considerably dry palpable. It covers most of the patterns that you'll need and I still see developers with 5-10 years of experience in Java programming picking up the book to solve day-to-day problems.
