Chapter 5 Cost Behavior: Analysis and Use Solutions to Questions 5-1 a. Variable cost: The variable cost per unit is constant, but total variable cost changes in in direct proportion to changes in volume. b. Fixed cost: The total fixed cost is constant within the relevant range. The average fixed cost per unit varies inversely with changes in volume.

Cost Behavior: Analysis and Use
This chapter is similar to Chapter 4 in that it moves from the abstract concepts described in Chapter 2 towards an operational cost accounting system. The main focus of this chapter is the manner in which costs flow through the perpetual inventory accounts in normal historical, full absorption, process costing.
