MYSTERY OF SKELETON LAKE

The Mystery of the Skeleton Key, first published in 1919, has the distinction of being the first detective novel commissioned and published by Collins, though it was Bernard Capes' only book in the genre, as he died shortly before it was published. This is how the Detective Club announced their edition ten years later:

The Mystery of the Skeleton Key by Bernard Capes

Verified Purchase. The theft of family diamonds at the very start of a journey brings Detective Lavender and Constable Woods to the London home of an MP who has encountered Lavender in the past, and been allowed to get away with breaking the law, due to Lavender's other priorities.

DNA study deepens mystery of lake full of skeletons

The human skeletal remains are visible at its bottom when the snow melts. Research generally points to a semi-legendary event where a group of people were killed in a sudden, violent hailstorm in the 9th century. Because of the human remains, the lake has been called Skeleton Lake in recent times.
