The Singapore House and Residential Life, 1819-1939 ...

"The Singapore House is not just a building; it is a cultural phenomenon. Culture means ordinary everyday values-attitudes, beliefs, ideas and heritage. These apply to the cultural landscape of which the house forms a part and is particularly applicable to a fast growing metropolis like Singapore that has changed immeasurably in recent years."Setting the scene for this newly presented edition ...

Property for Sale in Singapore - realtor.com

This book is a lavishly illustrated study of the prewar Singapore detached house, including the bungalow, from the time of the first settlement to World War II. Edwards analyzes the house architecturally, in terms of the way domestic life affected its design, and in the context of the life and character of the suburban setting of which it formed an important part.

The real estate market in Singapore is quite expensive. If you're planning to buy a home, you probably already know that the house prices increased in the first half of 2018. Homes in Singapore cost an average of between S\$400 and S\$2000 per square foot. If you want to buy a property that includes land ownership, you will have to part with ...

Buying a Home in Singapore 2020 - Costs You Truly Need to ...

The greatest thing of Singapore is the public housing, built by Housing and Development Board, it is the home for 80% of Singaporeans, from low to middle class (the peak was 87% in 1988-1990). Unlike other countries where public housing is mostly rental, HDB public housing is mostly "sold", helping Singapore to have the highest home ownership ratio in the world: 91%, but the home ownership is actually a 99 years lease to "owners".
